

Dear Ms. Alpers:

As you know, CARF works continuously to improve the accreditation experience for all accredited providers, including the timely scheduling of surveys during the appropriate survey timeframes. Based on a recent analysis of anticipated upcoming surveys, CARF has selected your organization for a permanent change to the accreditation expiration date. **Accordingly, Survey Number 129632 will receive a new accreditation expiration date of October 31, 2026, with a corresponding August/September resurvey timeframe.** CARF will update its records and you will receive an email confirmation within the next two weeks. Note that your next survey will be conducted with the 2026 standards manual.

We understand that the new survey timeframe may be a hardship for some organizations. **To reject this change and retain the current accreditation expiration date and survey timeframe, you must reply to this email no later than September 4, 2025.**

We appreciate your flexibility and thank you for your dedication to enhancing the lives of persons served.

Sincerely,

Leila Nassar
Manager, Survey Services
